How to print a Contact Lens Lab Order

*See the steps to follow on the back.*

## Reminder: RAMQ - Fee modification

New fees will take effect as of April 1, 2009. You can find the information concerning the new fees on page 11 of the document that is made available on the RAMQ web site (only available in French).

<http://www.ramq.gouv.qc.ca/fr/professionnels/comm/2008/com010-8.pdf>

These modifications need to be made in Optosys<sup>®</sup> and Optosys<sup>®</sup>2

If you have any questions on how to apply these modifications, please contact OSI's technical services at 514-762-1954 or 1-866-660-6797.

## Deal of the month **Online Purchases**

[www.opto.com/b2b](http://www.opto.com/b2b)

### Kingston Data Traveler 4 GB USB Key.

The Kingston DataTraveler USB key allows you to easily store and move files in a device no bigger than a pocketknife. As easy as click and drag, the DataTraveler can hold just about any file you can think of.

# TIPS & TRICKS

## How to print a Contact Lens Lab Order.

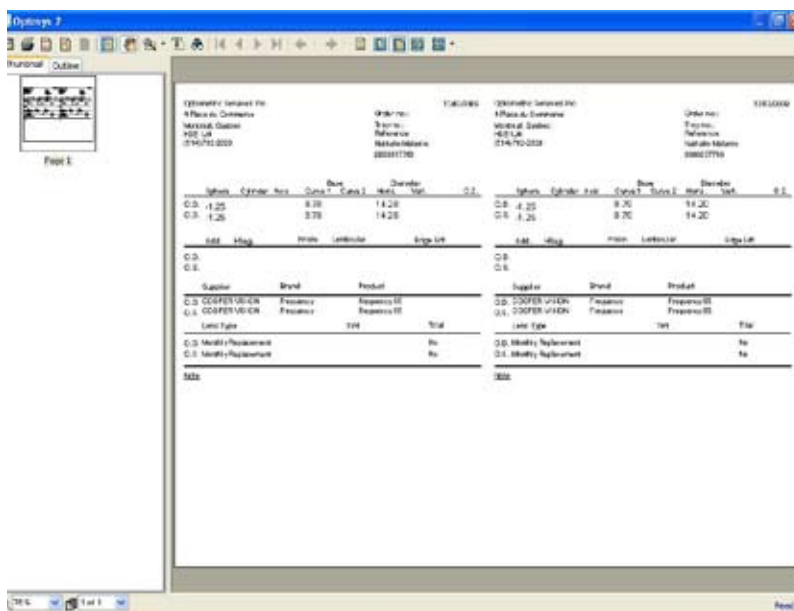

1. Highlight the prescription for which you wish to print a lab order.

2. Click on the "Print..." button and select "Lab Order".

3. A preview of the Lab Order will appear.

4. Click on the printer icon, located on the upper left corner of the screen to print the Lab Order.

5. Just like the Invoice, the Lab Order prints in duplicate which permits you to retain a copy for your records.
