[OSI & DELL: A TECHNOLOGICAL COLLABORATION]

For over 6 years, OSI has been a Dell product reseller. This continuing collaboration makes it possible for us to offer our members the latest technology in computer equipment at an affordable price. The Dell products, such as Desktop computers, laptops, monitors and printers, come with a 3 year parts and labour warranty (software is not included).

And, as an OSI member, it is possible for you to **finance your equipment purchase** through our **Opto-Finance** service. For more information, please **contact Ms. Vanessa Ung at 514-762-2020** or at **1-800-363-4096 extension 227**.

[TIPS & TRICKS]

[1.] How to add a discount on an invoice that has been printed or that was created previously (more than 24 hours ago).

The TRICK : Add a product to the invoice. However, before you can apply this TRICK, you have to initialize a specific product.

Section Admin, Products, Suppliers.

1. You need to create a supplier named Clinic.

Section Admin, Products, Misc. Products.

2. Add a category called Discount.
3. Add the fake brand to your Clinic supplier such as, for example, "Nil" or "-".

Section Admin, Products, Misc. Products, Products.

4. Create a new product called Discount. This product needs to have Clinic as a supplier with the brand Nil and the category Discount. DO not put a Unit Price as it is unnecessary.

[2.] How to apply this Discount

In the following example, the delay for the patient's order took much longer than expected and the clinic wishes to give him a \$60 discount.

1. Find his existing Invoice and add the miscellaneous product "Discount". In the Detail window, the Unit price stays at 0.00 but you need to put the amount of the discount in the Discount area and save the changes.
