[TIPS & TRICKS]

Where can you print inventory labels from?

Do you know all of the different places from which you can print an Inventory label?

Find out how on the next page.

[A FRIENDLY REMINDER CONCERNING THE LABELS FOR THE SMART LABEL PRINTERS.]

When you print a patient label, is it followed by one or a few extra white labels?

This issue might be caused by the brand of labels that you are using. The Avery labels are no longer compatible with the Smart Label printers. In order for your labels to print properly, you have to purchase the Seiko brand.

You can **order these from our online B2B site** or by contacting **Mrs Francine Simard** at **1-800-363-4096**.
