

HOW TO USE THE « COPY PRODUCT... » FUNCTIONALITY.

[1.] In the tools bar, click on the « Copy Product... » icon.

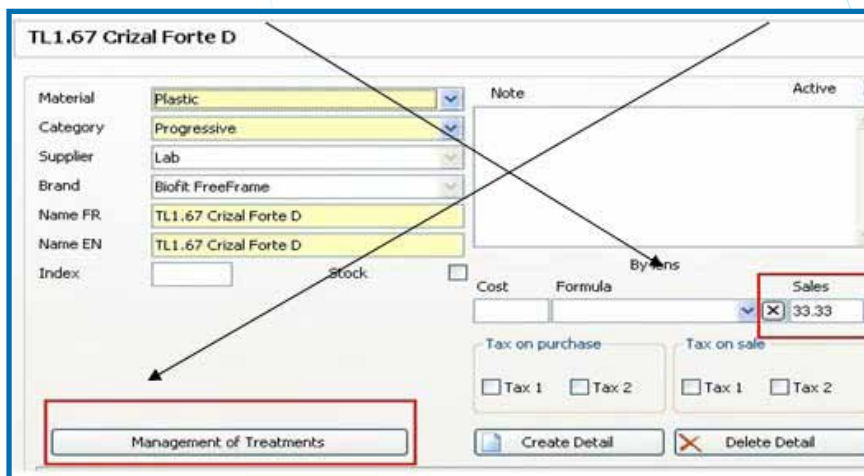

[2.] Example : Ophthalmic Lenses.

I want to create a new ophthalmic lens product, TL 1.67 Crizal Forte D in the BioFit FreeFrame brand. The TL 1.67 lens product already exists in the BioFit brand. It's possible to copy this product by following the next steps:

The option « Copy all treatments » can be used for identical products that we want to copy in another brand.

[3.] Don't forget to change the sales price of the new product and associate the proper treatments.
